Item 7.01. Regulation FD Disclosure

This current report on Form 8-K relates to information received by PharmAthene, Inc. (the "Company") from the U.S. Department of Health and Human Services ("DHHS") regarding the Company's bid in response to the DHHS Request for Proposal (RFP-BARDA-08-15) for an "Anthrax Recombinant Protective Antigen (rPA) Vaccine for the Strategic National Stockpile," and the potential timing of a contract award under this solicitation.

On April 15, 2009, DHHS issued an amendment to the RFP requiring that each bidder submit within 15 days a comprehensive plan to the U.S. Food and Drug Administration ("FDA") outlining the regulatory strategy for the rPA anthrax vaccine to be developed under a contract should one be awarded under the solicitation. DHHS has not provided information with respect to the nature of the review by the FDA of such submission nor indicated how this new requirement will affect the final timing for an award decision or how feedback from the FDA in response to the submission could affect DHHS' selection of potential winning bidders under the solicitation. There can be no assurance that DHHS will not again extend the timeline for issuing an award, add other requirements, or that the Company will be awarded a contract under that solicitation. The amendment, the fifth one to date under the RFP, also indicates that the solicitation continues not to be open to new bidders.

In accordance with General Instruction B.2. of Form 8-K, the information in this Current Report on Form 8-K shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
